Re: Community Update

I wanted to share a quick Coronavirus ad Community Update.

CURRENT COVID-19 INFORMATION

The latest data shows that Burlington County continues to be in a high community COVID-19 level. For staff, this means that we will be performing twice weekly testing on all staff who are not "up-to-date" with their COVID-19 immunizations next week.

Medford Leas Coronavirus Cases –Since my last update on July 22nd, we have had 5 new staff positive COVID cases (3 are non-reportable). The grid below reflects the Medford Leas cases since the beginning of the pandemic in March 2020.

Medford Leas Cumulative COVID-19 Report				
As of July 29, 2022				
Type	Total Cases	Active Cases	Resolved	Deaths
Resident	63	0	58	5
Staff	119	3	116	0
Total	182	3	174	5

**Non-State Reportable Cases (i.e. non-AL or Woolman): 32 Staff and 25 Residents*

Ongoing Recommendations - The Covid Task Force shares the following recommendations:

- Get fully-immunized and boosted, if not already
- Wear a face covering/mask in public
- Practice social distancing
- Wash hands with soap and water or use alcohol-based sanitizer
- Stay home if you are sick

***Reminder* Symptomatic Residents** - Residents who are not feeling well should stay home and check in with the Wellness Center. Wellness has test kits and will test symptomatic residents. Any resident that receives a positive test result outside of Medford Leas should isolate themselves at home and report their test results to Wellness.

***Reminder* Symptomatic Staff** - Staff who are experiencing COVID-like symptoms should notify their supervisor and attempt to get a COVID rapid test so that they may return to work. We do not accept results from home tests for return to work. You may request a rapid test in the Wellness Center parking lot if you cannot schedule/obtain a rapid test on your own.

***Reminder* 2nd COVID Boosters for Staff** - Staff who are age 50 or older and/or are immunosuppressed, are eligible for a 2nd COVID booster. Please contact Cathy Mason, Patrick Dura or Lisa Heinkel to schedule a 2nd booster. We will host a clinic or individually administer the boosters (from Boyd's Pharmacy) depending on the number of interested staff. If you have received a 2nd booster and have not already done so, please give a copy of your updated vaccination card to HR.
